## About UKGuardianship

Founded in 2002, UKG offers high quality guardianship and education services throughout the UK. Our main aim is ensuring all students have a safe and enjoyable time in the UK, while reaching their full academic potential.

Choosing to study abroad is a very important and life changing decision and it can take time for many students to feel comfortable in their new surroundings. We believe that by developing strong and trusting relationships with the students in our care, they will gain the most out of their experience in the UK. Students' welfare is a top priority and all students are assigned a dedicated Guardianship Coordinator and given an emergency phone number which is available 24/7.

## UKG Guardianship and Packages

Students under the age of 18 who wish to study in a school or university in the UK need to have an appointed guardian. The UK Visas and Immigration (UKVI) (responsible for student visas) and most UK schools and universities require that students whose families live overseas have an appointed guardian living in the UK to act on their behalf during term time and when the school is closed.

UKG offers four guardianship packages, enabling all students to find one that suits their needs:

### WeCare Plus

**Perfect for:** students striving for academic excellence or in need of academic mentoring and monitoring in addition to extensive guardianship services. We aim to ensure that all students reach their full potential and gain the best possible grades while studying in the UK.

### Basic

**Perfect for:** students who need to meet their school's guardianship regulations but do not require UKG to make homestay arrangements on their behalf.

### WeCare

**Perfect for:** students who require a comprehensive guardianship service including accommodation and transfer arrangements during half terms and exeat weekends. Parents will have peace of mind knowing their children are being safely looked after in the UK.

### University

**Perfect for:** students under the age of 18 who are applying to a UK university or college and need to meet the guardianship regulations.

## Homestays and Transfers

UKG provides homestay accommodation throughout the UK with friendly and caring families who offer a 'home away from home' for students. We match students as closely as possible to the family in terms of their experience, interests and location.

Most boarding schools in the UK close during half-terms and many have exeat weekends where students are not allowed to stay in the school. On these occasions, host families located close to the school or in another city in the UK are the ideal solution. UKG can also arrange long-term homestay accommodation for students attending day schools.

Our host families are given training and support including advice on health and safety and safeguarding matters. When staying with a host family, students are accepted as a family member and gain insight into the British way of life in a happy and supportive environment.

For transfers between the school and airport/host family, UKG has a team of designated and reliable drivers. Travel by rail and coach can also be arranged for economical long distance transfer. UKG will check timetables, book tickets and arrange for an escort if required.
